Dear Parents and Carers,

During these unprecedented times, the safety, quality of teaching and learning and the wellbeing of our pupils is of the highest importance. As a school, we have been very fortunate not to find ourselves in the situation where we have had to send whole year groups home to self-isolate, partly due to the precise planning of day-to-day logistics, for example strategic seating plans allowing us to quickly track and trace where required and our general vigilance around hygiene.

If a pupil or group of pupils are required to self-isolate, our online blended learning package is easily accessible, appropriately challenging and very engaging. In order for us to stay one step ahead and continue to ensure our remote learning package is of the highest quality, we'd like to ask some questions so we can make any necessary adjustments to be able to support your child in the best way, should they need to work from home.

The following link or QR code (for use with smart phones) will enable you to access a quick survey but please note that you will also receive a text message and an email with the link on, should you find this easier to access.

Note: when using the QR code, open the camera on your smart phone and hold it over the code. The code should be picked up and direct you to the survey.

We really appreciate your feedback and by working together, we can improve the provision for your child. Please note if you have multiple children in the school please fill out a separate form for each child.

Thank you for your continued support.

Yours faithfully
