Tuesday 7th December 2021

Dear parent/carers

We pride ourselves in making sure our students have the best support. With this in mind, we are going through our data for EAL students and we need your help. The term EAL is used to describe students who speak English as an additional language and have been exposed to a language at home that is known or believed, to be other than English and are able to also speak or write in their first language.

Please fill in the Form on the link below to provide us with some information to assist in our enquiries.

This will help the school ensure if your child needs any extra support in lessons, we are able to offer it. In addition, we have also conducted some assessments (based on reading, writing, speaking and mathematical skills) and we will use the results to have interventions during registration if necessary.

We look forward to hearing from you. Many thanks for your help and support,

Yours sincerely,

Ms J. Newsome
Headteacher
